## Where should reports be made?

Report to the local health department in the area where the patient resides.

	Telephone	Fax
Brown County	(920) 448-6400	(920) 448-6449
City of De Pere	(920) 339-4054	(920) 339-2745
Oneida Reservation	(920) 869-2711	(920) 869-6329

- Report diseases within 72 hours unless otherwise indicated.
- Provide complete information on the appropriate disease reporting form.

**Sexually Transmitted Infection (STI)** optional resource for education and partner notification at [www.inspot.org](http://www.inspot.org). Call your local health department for more information.

## Special Notes:

- ☎ Report immediately by telephone *and* submit completed case report within 24 hours
- \* Provide vaccination history with report
- <sup>1</sup> Immediate treatment recommended, i.e., antibiotic or biologic for patient and/or contact
- <sup>2</sup> Report to the state epidemiologist within 72 hours on DPH form 4264 AIDS Case Report
- ☠ Possible Bioterrorism agent
