Rules that qualify individual participants and/or groups to perform at the 2012 Wisconsin State Fair are subject to change. Information about the most recent requirements for performing at the State Fair is available and changes in the State Fair performance guidelines are usually minor from year to year. The Brown County 4-H Extension Office will contact those who are eligible for this opportunity.

Hopefully, you will consider participating in these popular county-wide 4-H events. The cultural arts festivals are a great opportunity for our 4-H youth to act, speak, demonstrate, or perform in public. Participating in these events helps them to prepare for their future. Good communication skills are always a positive quality. With nearly any occupation your 4-H members will eventually be involved in, they will surely benefit from the experience gained by participating in these activities.

The Cultural Arts Committee invites anyone interested to attend any planning meetings that will be scheduled in the future or, if you have any questions about these events, please call us at the Extension Office.
